The itc TS-0323 is an extension box from itc's Digital Conference Systems range, built for council chambers, boardrooms, government and university meeting halls, courts and conference centres.

Key figures: model TS-0323; power consumption 2.5W; supply voltage/current 36V/2A. Highlights include unique appearance design, with network expansion function and with power supply function.

Key features

- Unique appearance design
- With network expansion function
- With power supply function
- One-in-three-out connection unit supports network functions… — One-in-three-out connection unit supports network functions and communication instructions.
- Connect the controller and the unit for interface expansion

Technical specifications

Model	TS-0323
Power consumption	2.5W
Supply voltage/current	36V/2A
Connection method	Special cable (6- pin aviation wire)
Color	Silver
Weight	610g
Size	180*111*40mm
Operating temperature	0~60℃
Ambi ent humidity	20%~80% relative humidity, no condensation
