itc · CONFERENCE & COLUMN LOUDSPEAKERS

TS-603B

Linear Full Range Speaker

The itc TS-603B is a linear Full Range Speaker from itc's Conference & Column Loudspeakers range, built for speech and music reinforcement in conference rooms, banquet halls, theatres, KTV and multipurpose venues.

Key figures: rated power 150W; peak power 600W; frequency response 80Hz-20kHz. Highlights include six 3-inch full frequency units, precise adjustment by professional acoustic engineers, spliced array design and strong and durable cabinet.

Key features

- Six 3-inch full frequency units — Low distortion Wide frequency response Good transient response High sensitivity
- Precise adjustment by professional acoustic engineers — Abundant sound pressure Strong directivity in the vertical direction
- Spliced array design — Achieve wider sound field coverage with fewer speakers
- Strong and durable cabinet — 12mm high-density board Precision CNC processing technology Reinforcing ribs reduce the resonance of the cabinet Integrated stamping molding rigid mesh cover High sound permeability acoustic
- Professional life test and acoustic test — Ensure the stability and consistency of the speakers

Technical specifications

Rated power	150W
Peak power	600W
Impedance	8Ω
Frequency response	80Hz-20kHz
Sensitivity	95dB
Maximum SPL (rated/peak)	117dB/123dB
Speaker unit	3″ full-range speaker ×6
Dimension	550×123×145mm (H×W×D)
Weight	5.8Kg
Operating temperature	-25℃~65℃
Operating humidity	95% at +40°C, non-condensing
Color	Black
